

work experience

Assistant Photographer **Digital Hoofprints** May 2010-Present

Working as an Assistant to the head photographer Bruce Smith at various Horse Show events on Long Island. Duties included shooting high quality photos of horses in competition, candid show scenes, properly reporting show information regarding photos taken, and setting up photography display at events.

Lead Photographer **Meghann Leigh Photography** June 2009-Present

Photograph work has entailed shooting at horse show events for private clients, personal private photoshoots, as well as engagements and weddings. Has had featured work on a variety of magazine covers and inside covers including Long Island's Horse Directory and Show Ring Times. Also assisted on occasion with other photographers including Nick Gaylord (Nick's Photography) as well as Shane Shiflet (American Saddlebred industry).

Layout Designer **IslandGuide.com** December 2007-Present

Designed over 20 websites from local websites to large New York City businesses, including Long Island's North Shore Jewish Hospital and Mika Brzezinski Co-host of MSNBC's Morning Joe personal website. Job has entailed layout design for new clients, giving 2-4 different variations of designs before finalizing the decided design.

Lead Web Designer & Developer **Equiflair Design** May 2005- April 2011

Working individually with clients to fulfill website needs including logo design, website design, and print materials. Focused primarily on the equine industry, clients also range from health professionals, local, and nationwide businesses. Many websites feature flash introductions, as well as customized Wordpress blogs to help assist in S.E.O. of the client site. Most recently added is a server-side installed gallery system used primarily to aid in photographer websites to allow the owner to have full control of recent photography additions. Equiflair was ended in 2011 to have all work forwarded to 416creations.com.

Lead Designer **We Unite Data, Inc.** March 2005-December 2008

Designed and assisted in the development of a variety of clients, with a focus on Real Estate websites. Later projects included designing website layouts to be easily customized in Joomla, as well as providing photography for clients to include on their website.
